Time: 2 sessions
8:00 – 11:45 a.m. or
1:30 – 5:15 p.m.

RSVP:
Cheryl George
(405) 948-2249

What You Will Learn:

Come join Network 13 as we review the vascular access process that can help you better understand the many issues surrounding successful evaluation, cannulation, and care of the hemodialysis patients' lifeline.

Dialysis nurses and patient care technicians are welcome to attend.

Participants
must be registered
to attend.

We hope to see you there!

Please call to RSVP your staff now.

Space is strictly limited to 35 participants per session, and we want *you* to have access to this valuable training.

Presented by: Cheryl George, RN, ESRD QI Nurse

Cheryl George RN worked in dialysis from 1997 to 2006. Her experience includes anemia and access management, as well as facility administration. She also served two years on the Policy and Procedure Review Board for a Large Dialysis Organization. She joined Network 13 in August 2006 to provide Quality Improvement assistance and training to dialysis providers. She has led vascular access evaluation and cannulation training sessions throughout our service area (Arkansas, Louisiana, and Oklahoma).

This activity has been submitted to the American Nephrology Nurses Association (ANNA) for approval to award **3.75** contact hours.
